

**Online Core 10 Training**  
**FestiFall: Student Organization Fair**  
**COVID and Travel Guidelines**

We hope you've had a chance to rest and find joy during the Summer. We wanted to give you a number of updates as you prepare to return to campus, and set you and your organizations up for success.

In an upcoming communication we will be sharing information about our work we have done during the Summer with infrastructural projects to make things clear and simple.

We will be rolling out things like a new 25Live room reservation integration with CardinalEngage to integrate both systems to avoid duplicative work. In addition, we will be utilizing a new checklist system to help better understand the steps required when planning events.

**Online Core 10 Training**

We have created a new online interactive Core 10 training and quiz that is required for all Presidents, Vice Presidents/Co-Presidents and Financial Officers of your organization that reviews general baseline information.

The training will be available in **September** in Axess. We will send you a message once it is accessible, and give a **deadline for completion**. We encourage you to have other leaders in your organization take it also so they are aware of our expectations and policies. As a reminder, the [Core 10 policies](#) were rolled out in Winter 2022.

As part of our commitment to our [Solidarity Statement](#) in June of 2020, we will continue to review these policies on a continuous basis and welcome your feedback [here](#).

**FestiFall: Student Organization Festival**

FestiFall is our annual event held in Fall quarter featuring student organizations and involvement opportunities to incoming students. The **in-person festival** will be held in **White Plaza** on Thursday, October 6 to Friday, October 7 from 4:00-7:00 p.m. In observance of Yom Kippur, the event was moved. As you also begin to plan events and

programs, we encourage you to add the following [calendar of religious observances](#) so you are aware of significant days and its impact on major events, as well as check our [OSE Planning Calendar](#).

Student organizations that have completed the [annual registration](#) process are invited to participate in the festival. Register for the event through [CardinalEngage](#) by Monday, September 19 and visit our [website](#) for detailed information.

In addition, please do not begin the recruitment process with our new incoming students until after Thursday, September 22, in order to give students time to settle in. This includes targeted messages to them specifically. Additional information will be provided in our next communication.

### **COVID and Travel Guidelines**

As was recently shared by Vice Provost Susie Brubaker-Cole, please review the updated [COVID guidelines](#), including around masking.

In addition, our office is finalizing a process for limited international travel to take place starting in the Fall. Please continue to check [the Travel website](#) with the latest information. Please review it prior to booking any travel, and as you leave for domestic or international travel.
