

Core 10 Policies

Elections: Winter Quarter Recommendation Annual Event Planning for Winter Quarter

As we prepare for the Thanksgiving break and Winter Closure, I want to thank you for taking time to read our communication, remain engaged with your members and do your best to lead your organization.

Our office will be hiring a new Assistant Director soon to help advise and train student organization leaders. Until the person is hired we are pausing on the approval of any new programs that work with minors and we are continuing to pause adding any new groups at this time.

Core 10 Policies

I am pleased to provide you with an update regarding our commitment to evaluating our policies and systems.

We have reviewed all our policies, and found that we can summarize them into 10 core measures. We are excited at the prospect of simplifying our policies. We'll share the details with you in the coming days.

Elections: Winter Quarter Recommendation

Leadership Selection vs. Transition - We recommend you have your new leaders selected by the end of Winter Quarter.

The OSE team has found that organizations who select new leaders by the end of Winter Quarter have more success with information transfer, training, continuity, and financial preparation and management. The period of overlap allows for a small "shadowing period" during Spring Quarter for outgoing and

incoming leadership, can lead to a greater sense of preparedness for the new leadership of the organization. We would like to encourage all organizations to consider selecting new leaders in winter quarter. If you need assistance, please [contact us](#). Please update your leaders as soon as you officially transition [here](#).

Annual Event Planning

If your organization has an annual event you are planning in the Winter quarter please email us studentengagement@stanford.edu so we can help you navigate the evolving guidelines as we are still in pandemic recovery.

Best wishes as you close out Autumn Quarter.

The Office of Student Engagement Team
