

The Student Activities Fair
Summer Gatherings Guidance
Annual Registration & Dormant Status
Student Organization Management Modules

If you have successfully transitioned out of your leadership role, please *forward this email to your newly elected leaders.*

As we transition into Summer, I hope you are able to reflect with your leadership and membership on your moments of resilience, belonging and well-being throughout this year. Please feel free to share your stories by DMing us on our **Instagram (@stanford_ose)**, as we would love to hear from you!

The Student Activities Fair

The OSE Team is moving the Student Activities Fair to the second week of Autumn Quarter. This will give leaders and members the ability to re-engage and plan for the future of the organization, as well as develop a recruitment plan during the first week of Autumn Quarter.

The fair will be held over three days, smaller in size by category of organizations, and in the evenings to help new students navigate our many student engagement opportunities. We have no further details at this time and will share more in August so you may plan accordingly.

Summer Gatherings Guidance

The Office of Student Engagement will permit student organizations to host gatherings following the principles and policies described on the [gathering website](#) until **Sunday, August 22**, when the End Quarter Period begins. Additional guidance will be provided for **Autumn Quarter** at a later time.

Annual Registration & Dormant Status

Thank you to those who have registered your student organization in [CardinalEngage](#). You can find out more about the process on our [resource sheet](#). Please be sure to register as soon as possible to set up your portal, access your account and hit the ground running for Autumn Quarter. Please make sure your financial officer has completed all the necessary transactions prior to disengaging.

Unsure if you have enough leaders? Need more time? No problem.

If you are still unsure if you are returning as a student organization, or need more time to elect leaders, you have until **Monday, November 1** to submit your re-registration before you are placed on [dormant status](#).

Dormant status was designed to give organizations who need or want to “take a break” the time to do so, free from required university obligations. The past two years have been particularly challenging and we want to honor your health and well-being, while also allowing groups an easier way to reactivate their organization if and when they are ready.

Student Organization Management Modules

As a leader of your student organization, your three registered officers (President, Vice President, and Financial Officer), as reported in [CardinalEngage](#), are required to review our Student Organization Management Modules. These modules provide information about managing your student organization and transitioning into your leadership position. They are entirely online and can be accessed [via this link in Canvas](#), after Monday, June 28, 2021.

The modules will cover topics like principles of leadership and relevant University and ASSU policies. These modules are due **Wednesday, September 1, 2021**. Additional required trainings for student leaders will be offered in the future. In addition, to access your GrantEd bank account please complete the [following trainings](#).

Finally, we will provide you further information about guidance for **gatherings for Fall** and much more later in the Summer. On behalf of the Office of Student Engagement, have a relaxing and restorative summer!

We look forward to seeing you in-person soon.

I don't want to return to normal or a new normal. I want to return to better. For not some of us; for all of us.
